

## PHYSICAL REHABILITATION & WELLNESS CENTER

### WEEKLY UPDATE

October 23, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 27 residents and 17 staff members test positive for COVID-19, and all but 2 have fully recovered. With this week's announcement of One positive case COVID case, we now have temporarily stopped outdoor visitation. We will continue with window visits as normal. We will be updating families when this restriction has been lifted. We continue to test all staff 2 times per week as well as all residents 1 time per week for the next 14 days. At that point, a decision will be made in regards to resuming outdoor visitation. Thank you for your patience during this trying time.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,
