Since the onset of this virus, we have had 27 residents and 17 staff members test positive for COVID-19, and all but 2 have fully recovered. We are excited to announce that we are finished with our bi-weekly testing of employees and our weekly testing of all residents. Although we had a minor setback, we look forward to outdoor visitation commencing the week of 11.2.2020.

**Visitation times will be 9:30a-11:30a and 3:00p-5:00p**

**Visitation will be allowed for 15 min.**

**Visitor must have a surgical mask – no cloth masks will be accepted**

**No children under the age of 12**

**2 Visitors allowed per Resident**

**1 Visit allowed per resident every 2 weeks**

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,
