

PHYSICAL REHABILITATION & WELLNESS CENTER

WEEKLY UPDATE

December 10, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 73 residents and 40 staff members test positive for COVID-19. Our Covid Unit is still active with 10 residents. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate. It seems as though the outbreak in our building has begun to take a slower pace, of which we are grateful and blessed that prayers are being answered. This past week we have had no new cases noted for employees or residents.

We continue to provide therapy and activities to those that are on the unit as well as the residents who are in their regular rooms. This time of year has been especially hard for all residents along with staff who continue to provide care to your loved ones.

We would like to set up donations for our residents for this Christmas holiday. If you or a local business would like to donate items for our residents, please contact our Activities Director Adam Greene at 864.381.6409.\

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,

Jennifer Steele
