

## PHYSICAL REHABILITATION & WELLNESS CENTER

### WEEKLY UPDATE

December 18, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 74 residents and 40 staff members test positive for COVID-19. Our Covid Unit is still active with 12 residents. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate.

We are currently receiving information in regards to the COVID-19 vaccine. Our clinical team is in the process of reaching out to family members for consent or declination of the vaccine. Walgreens Pharmacy will be providing the vaccine at our building however, we are unsure of the date at this time. If you should have any questions regarding the vaccine, please refer to the CDC website.

We are still taking donations for our residents and encourage you to send gifts to your loved ones, especially during these times with no visitation.

If you would like to donate, please contact our Activities Director Adam Greene at 864.381.6409.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,
