### WEEKLY UPDATE

February 12, 2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 77 residents and 40 staff members test positive for COVID-19. Based on our county positivity rate, we still continue to test our staff bi-weekly and our residents weekly.

We are happy to announce that our COVID unit has been resolved! We are thankful for the patience that has been extended to our staff and residents during this time as we know this pandemic has caused uncertainty in our daily living.

Our residents still continue to participate in activities and we are in the process of opening our communal dining room with social distancing to be practiced. We believe this will provide some type of normalcy to their lives.

Walgreens Pharmacy will be at the facility on March 5, 2021 to administer the booster for those that received the vaccine on 2.5.2021.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 77 residents and 40 staff members test positive for COVID-19. Based on our county positivity rate, we still continue to test our staff bi-weekly and our residents weekly.

Happy Friday! We are excited to announce that we are working towards opening our dining room, with social distancing in mind, in hopes our residents can start back enjoying meals together. Small steps back to normalcy. We still continue to provide all types of social activities for our residents including Facetime calls with family, window visits and one to one activities with our staff.

Walgreens Pharmacy will be at the facility on March 5, 2021 to administer the booster for those that received the vaccine on 2.5.2021.

### WEEKLY UPDATE

February 5, 2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 77 residents and 40 staff members test positive for COVID-19. Based on our county positivity rate, we still continue to test our staff bi-weekly and our residents weekly. We do still have a COVID unit in our facility which is used to house recovering COVID residents from the local hospital as well as sister facilities.

On February 5, 2021 Walgreens Pharmacy will be onsite for the 2<sup>nd</sup> part of the vaccine as well as to administer the 1<sup>st</sup> part to those that were missed. The final booster will be on March 5, 2021. If you should have any questions regarding the vaccine, please refer to the CDC website.

Our activity department will be starting Arm Chair Travel this month where all residents will be given a passport to "Travel" to different parts of the world and learn about their culture. While our residents are not allowed outside or to travel, we anticipate this will be an exciting and adventurous activity for them.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC.
